THE CHINA YEAR BOOK

Each new edition adds another volume to the series (dating from 1912) which constitutes the only existing history of China in recent years. It is the recognized text book on Chinese events and policies, and provides the only basis for forming a complete and accurate judgment on Far Eastern affairs.

The information, which is unbiased and as complete as possible, is not the work of one man, but from a group of contributors who are experts in their own subject. The book is concise and presented in a handy volume conventient for reference.

THE NORTH-CHINA DAILY NEWS

A morning newspaper seven days a week, with an illustrated supplement every Sunday printed on art paper.

THE NORTH-CHINA DAILY NEWS has repayards of a century been recognized and quoted as the leading Chine Decign Newspaper. It has created for itself, and established for others, a model of what is required by readers and advertisers: a balance of news and opinion, a complete and impartial view of both Chinese and Foreign Affairs, Financial Surveys, Sport, Recreation and Literature.

Writers of several nationalities write on all subjects of national and popular interest, and reviews of plays and cinemas appear regularly. The advertising appeals to the highest class of readers—and the wealthiest.

THE CHINA YEAR BOOK

Each new edition adds another volume to the series (dating from 1912) which constitutes the only existing history of China in recent years. It is the recognized text book on Chinese events and policies, and provides the only basis for forming a complete and accurate judgment on Far Eastern affairs.

The information, which is unbiased and as complete as possible, is not the work of one man, but from a group of contributors who are experts in their own subject. concise and presented in a handy volume convenient for reference.
